

Dear School Administrator,

I am submitting this letter to state that my child will not participate in any administrations of the PARCC test this school year because I am refusing on his/her behalf as the legal representative of my child, who is still a minor.

I will send my child to school each day during both PARCC testing windows, and I expect that s/he will receive an opportunity to learn, be treated with kindness and that my wishes as parent/guardian to direct my child's education will be respected.

I have instructed my child that if any teacher or administrator attempts to make him/her take the PARCC that s/he is to refuse. The school should code my child's test as "Reason 15 for not testing" so that this refusal will not count against the school for NCLB purposes.
